

PRESS RELEASE

From April: prisma informatik headquarters living "Modern Work" in new premises

In April, the company's main location in Nuremberg moves to new offices nearby.

prisma informatik is once again relocating its central location in Franconia. But the company headquarters will remain on the modern and conveniently located "FrankenCampus" in Nuremberg.

Nuremberg, 26.03.2024 - Just 4 years ago, prisma informatik relocated its headquarters to the modern "FrankenCampus" in Nuremberg's Frankenstrasse. The office park is characterized, among other things, by its convenient location close to the city center and is ideally accessible for employees, customers and business partners alike thanks to its good infrastructure. The company is now moving offices again - but only within the "FrankenCampus". The new premises are therefore only a few buildings away from the old location.

In the spirit of "Modern Work", working structures of prisma informatik are also to be given a breath of fresh air with the move. A new, more open office concept invites employees to plan their office hours flexibly - alone or in a team - and thus benefit from an attractive and modern working environment.

New house number from April

All customers and business partners should therefore note the new address of prisma informatik GmbH for appointments and correspondence **from April 8th: Frankenstrasse 146 in 90461 Nuremberg**. The company **can still be reached under the familiar telephone number**.

The Nuremberg address of prisma csp GmbH will also change accordingly with the move to Frankenstrasse 146 in 90461 Nuremberg.
